

About 2LSTM

- Unique bar-code tape
- Speedy
- Compact
- Rugged design

High Accuracy ±2mm

Rugged body IP55

Working Range
0.9m-30m

Distance Measurement

Light Weight 1.3kg

Long Time Operation
120h

2LS marks a new market concept in the laser tools business. 2LS incorporates products, sales and marketing material into a self-explaining platform. Products that are high quality positioning tools that bridge the gap between "do-it-yourself" laser gadgets and industrial quality laser and surveying instruments used on large construction and civil engineering projects. And material around the products that ensure minimum time effort in understanding the possibilities, applications and unique selling points via various modern marketing methods.

Just one push for digital display

Auto Level + Digital display

2LS

Anybody can see the height and distance automatically. In addition, anybody can get the height difference without your calculation. We provide the convenient construction tool.

Height difference is measured with "point-and-shoot" function

base point

ORION⁺ Specifications

TESCOPE	
Magnification	20X
COMPENSATOR	
Working range	±12'
HEIGHT MEASUREMENT	
Accuracy	
Electoronic reading	±2.0mm at 30m
Optical reading	±2.0mm at 30m
Measuring range	
Tape staff BCX	0.9 to 30m (2.9 to 98ft)
Alminum staff BAS	2.0 to 50m (6.5 to 164ft)
Measuring time	<2sec
Least count	0.001m, 0.01ft
DISTANCE MEASUREMENT	
Accuracy	
Alminum staff BAS	
D<=10m	±10mm
10m <d<=50m< td=""><td>±0.25% x D</td></d<=50m<>	±0.25% x D
Least count	0.01m, 0.1ft
USER INTERFACE	
Display	7 segment and character LCD with backlight
Keyboard	6 keys (5 on front panel, 1 on side)
Circular level sensitivity	8'/2mm
MEASUREMENT PROGRAM	
	Single/Continuous/Elevation/Height difference
ENVIRONMENTAL	
Water and dust resistance	IP55 Category2
Operating temperature	-20°C to +50°C
OTHERS	
Power supply	AA dry cells x 2
Operating time	120hours (at +20°C, every 5 sec measurement)
	50,000points"
Weight	1.3kg (include batteries)
Size	206 x 123 x 137mm

ORION⁺ Packages

- ORION+ instrument
- Bar-code tape
- Rain cover
- · Cleaning cloth
- Hexagonal wrench
- Operation manual
- Carrying case
